

HIRA KAZMI

Hello!

I am a Jr. Web Developer & Visual Designer.
My passion has always been rooted in creating things that people enjoy, whether it's a painting, a web app or even an apple pie. Delving further into coding and UX design in the Toronto tech community has been an exciting adventure for me and I can't wait to apply my skills.

EXPERIENCE

Freelance Designer - **Present**

George Brown College : Created branding designs and illustrations for the ECE Department's memorabilia merchandise

Laura Seigel : Designed lookbook and adapted with branding with a team, photographed and edited merchandise

Kadara Capoeira : Developed various designs for their business ie. posters, business cards, t-shirts and online advertisements

Butter Avenue | Barista - **Aug 2013/May 2015**

Ensured quality control of beverages/food in a high-paced environment

Provided exceptional customer service through product knowledge and promotional skills

PaintNite Instructor - **Mar 2015/Dec 2015**

Coordinated with various venue's around Toronto in order to use their empty space

Facilitated workshops around the city; guiding groups of 30-50 in recreating iconic paintings
